

LUIS & FREYA

Ring Template

Before you determine your ring size, make sure that the template is printed in US Letter size and scaled to 100%. Take a credit card and re-measure the control line below. If the card lines up, you're all set. If it is not, check your printer settings.

Determine Your Ring Size

To determine your ring size, take a ring, that fits the same finger, that the new Luis & Freya ring is supposed to go on. Ideally, the ring you use for this has the same shape as the selected ring. Place the ring onto the template and align the outer line of the circle with the inner diameter of the ring.

Tip: If your ring size is in between sizes, we recommend ordering the larger one.
